In accordance with Virginia State Law, each camper will need to provide Nansemond-Suffolk Academy Summer Programs with a copy of MCH-213C, Rev. 10/91. It is the blue health form that the public and private schools require for enrollment. NSA cannot enroll your child in a camp unless we have this document. Once we have a copy, we will keep this on file and it will not be necessary to provide a new one each year. NSA students already have this form on file so an additional one is not necessary. The school your child attends should have a copy of this form.
